HOW I DESIGN AN POSTER / INFOGRAPHICY THING

Pertemps Post - What Am I Worth? Understanding Salary

Design Brief:

Research:

<http://www.monster.com/career-advice/article/determine-what-you-are-worth>

Content: What Am I Worth? Salary Checker

Considerations:

Location:

- Consider Living Costs - Inner city living offers higher salaries than remote village locations
- Don't compare your salary to one of that in the main 5 cities - look closer to home to get an accurate understanding
- London / Manchester / Birmingham / Cardiff - salaries may be higher for industries such as Design / IT / Engineering / Health Professionals.

Job Role:

- If you go above and beyond - is it expected?
- Are your duties in line with those in similar industries?

- Have you received additional training / qualifications?

- Relevant experience means higher value
- On the job experience is still important
- Understand what experience is valued in your role
